The different job *that makes a difference*

Working with Inter-Varsity Christian Fellowship means making a difference. On campus. In students' lives. And in your own life.

One staff member reports: "I realize how privileged I am to be influencing students for godliness. Sure, I don't have a lot of titles behind my name, and many others are making more money than I am. But the difference between kingdom values and the world's values is evident."

I-V staff members have different kinds of responsibilities. They confront students with the gospel. Counsel. Teach. Train students in the basics of evangelism, discipleship and missions. Public relations and fund raising are also part of the work.

And IVCF is looking for different kinds of people. People from a variety of ethnic, educational and denominational backgrounds. But definitely people who love God . . . and people who want to help make him known on our college campuses.

Looking for a job with a difference? Check into I-V staff. For more information write Peter Northrup, 233 Langdon St., Madison, WI 53703 or Jim Berney, 745 Mt. Pleasant Rd., Toronto, Ont. M4S 2N5.
